## Your contract with us

Thank you for buying the contractors' plant insurance policy from us, HSB Engineering Insurance Limited (HSBEIL). We are pleased that you have chosen our policy, and we will work hard to make sure that you are happy with the cover and service you receive.

The policy is a legal contract between:

- you, the person or organisation shown in the schedule as 'The insured'; and
- us.

The policy is made up of this document, the schedule setting out details of your cover, and any endorsements shown in the schedule. These make up the entire contract between you and us and must be read together. Please keep them all safely together.

We used the information you gave us on your proposal, and any further information we received, to decide whether to insure you. If any of that information was not accurate or was incomplete, this could affect your cover (see 'Your responsibility to provide us with a fair presentation of the risk' under 'Important information').

If you pay the premium shown in the schedule, and keep to the terms and conditions of the policy, you will be covered under the sections of this document shown in the schedule for the **period of insurance**.

Signed for and on behalf of

**Stephen Worrall**  
CEO

**Stephen Morris**  
Underwriting Director

# Important information

## Headings and interpretation

Throughout this policy:

- words or phrases which appear in bold have the meanings shown in the 'Definitions' section;
- headings are only to help you find the information you need, they do not form part of the policy wording;
- words which appear in the singular include the plural and vice versa;
- words which appear in the present tense include the past tense and vice versa; and
- any words after the terms 'including', 'include', 'in particular', 'for example' or any similar expressions are examples and will not limit the meaning of the words.

## Your policy

This document, together with the schedule and any endorsements shown in the schedule, contains the information you need to know about your insurance. This document contains important information such as the terms and conditions of your insurance and how to contact us. The schedule and endorsements show:

- which sections of this document apply;
- the **sum insured** or **limit of liability** for each section; and
- the premium.

Please keep the schedule with this document. We will send you a new schedule whenever there is a change to your insurance. We will also send you renewal documents each year before the renewal date shown, so you can check that the cover still meets your needs.

Your policy provides cover against specified events. Read this policy carefully to make sure that it meets your needs and you understand what is and is not covered. If there is anything you need to change or do not understand, contact the person who arranged this insurance for you, or you can contact us. You can find the contact details for your local HSBEIL office on our website at [www.hsbeil.com](http://www.hsbeil.com).

## Your responsibility to provide us with a fair presentation of the risk

You, or anyone acting for you, must make a fair presentation of your risk to us, not only when you first buy your policy, but also each renewal and/or if you ask us to make any mid-term change to the policy during the **period of insurance**.

This means that the information you give us in your proposal is complete and accurate so has not been misrepresented in any way, and that you have made a fair presentation of the risk to be insured by disclosing every material fact and circumstance which you know or ought to know. A fact or circumstance is material if it would influence the judgment of the underwriter when considering whether to accept the risk and on what terms, conditions and premium. If you are in any way unsure whether or not a fact or circumstance is material to disclose, please consult the person who arranged this insurance for you or contact us.

If you fail to make a fair presentation and if:

- your failure is deliberate or reckless, we will treat your policy as if it never existed, refuse all claims and keep any premium you have paid. If your failure occurs during a change to your policy we will terminate your policy from the date of that change, refuse subsequent claims and keep any premium you have paid.
- your failure is not deliberate or reckless and we would not have issued your policy had you made a fair presentation, we will treat your policy as if it never existed and return any premium you have paid. If your failure occurs during a change to your policy we will treat your policy as though the change was not made and return any extra premium you paid.
- your failure is not deliberate or reckless and we would have issued or changed your policy on different terms had you made a fair presentation, we will:
  - alter the terms of your policy to those we would have imposed (other than those relating to premium); and/or
  - reduce the amount paid or payable on any claim in proportion to the amount of any additional premium that we would have charged.

As set out in general condition 3 – 'Alteration in risk' – you, or anyone acting for you, must tell us about any change in circumstance which happens either before or during the **period of insurance** which may affect your cover (for example, something that increases the risk or something we asked you about when we accepted your proposal).

## Your rights to cancel your policy

### Cooling-off period

You have 14 days to make sure that you are happy with the cover provided. You can cancel the policy by telling the person who arranged this insurance for you, or by telling us in writing, and returning the schedule. This 14-day period, known as the 'cooling-off period', starts on:

- the day you receive your policy; or
  - the date the **period of insurance** starts;
- whichever is later.

If you do cancel the policy within the cooling-off period, as long as you have not made a claim, we will refund all the premium you have paid. If you have made a claim, you will not get a refund.

If the **period of insurance** is less than the cooling-off period then the rights detailed above are not applicable.

### After the cooling-off period

You can cancel your policy at any time during the **period of insurance** by telling the person who arranged this insurance for you, or by telling us in writing, and returning the schedule. If you have made a claim, you will not get a refund. If you have not made a claim, when we receive your notice and schedule, we will cancel the policy and send you a refund. That refund will be a percentage of the year's premium, based on the number of days left in the **period of insurance**, less a cancellation charge (10% of the year's premium). If the amount of premium you have actually paid does not cover the period you have been insured for, you must pay us the difference.

## Important information

### Our rights to cancel your policy

We may cancel your policy if you do not comply with the following:

- general condition 4 – ‘Caring for your contractors’ plant’;
- general condition 9 – ‘Paying the premium’; or
- general condition 10 – ‘Right to survey and request risk improvements’.

If we cancel your policy because you have not kept to the general conditions listed above, we will send at least 14 days’ written notice to the last known address we have for you. If you have not made a claim and no incident has occurred which is likely to give rise to a claim, we will refund a percentage of the premium based on the number of days left in the **period of insurance**. If you have made a claim you will not receive a refund and you must pay us any amount you still owe for the period during which you have been insured.

### Other important terms that may affect your cover

You must meet the requirements contained in any **condition precedent** set out in the policy. If you do not keep to these requirements you will not be able to bring a claim under the policy and we will not become legally responsible to pay that claim.

We can, but do not have to, take control of investigating, settling or defending any claim made against you. We would take this action in your name. If necessary, we will appoint an adjuster, solicitor or any other appropriate person to deal with the claim. We may appoint your solicitor, but only on a fee basis similar to that of our own solicitor, and only for work done with our permission in writing. We will only defend claims if we think that there is a reasonable chance of being successful, and after taking the costs of the defence into account.

## 6. Other insurances

If there is any other insurance policy covering your claim either wholly or in part we will not pay for **damage to contractors' plant** or legal liability other than in respect of any excess beyond the amount which would have been covered under the other insurance policy had this policy not been taken out.

## 7. Salvage and recoveries

If you have made a claim and you later recover your **contractors' plant**, or recover money from a third party, you must tell us immediately. If we have paid the claim, you may have to give the **contractors' plant** or money to us.

If we have paid a claim and we then recover your **contractors' plant**, or recover money from a third party, we will give you any proceeds over and above the amount we paid you in connection with the claim after the deduction of any costs incurred in pursuing the third party for a recovery.

Any amount due from you or us must be paid as soon as reasonably possible.

## General conditions

The following conditions apply to the whole policy. If you do not keep to any condition of the policy, and that condition is relevant to your claim, we may refuse to pay part or all of the claim.

### 1. 72-hours clause

For any claim resulting from earthquake, storm or flood, all **damage** or other loss arising within a 72-hour period will be considered to be a single **occurrence** and so there will be a single **sum insured** or **limit of liability** and a single **excess**. You can choose the moment the 72-hour period starts, as long as it ends within the **period of insurance**.

### 2. Abandonment

You are not entitled to abandon your **contractors' plant** whether or not we have taken possession of it.

### 3. Alteration in risk

Your cover under the policy shall not be invalidated by any act, omission or change in circumstance whereby the risk of **damage** has altered either without your knowledge or was beyond your reasonable control, provided that as soon as you (or anyone acting on your behalf) become aware of any such alteration, you shall give notice to us in writing immediately. If so, you may be required to pay additional premium and comply with any extra terms and conditions we apply to your policy as a result. This applies to any alteration in risk which arises, whether before or during the **period of insurance**, including before any renewal of your policy.

### 4. Caring for your contractors' plant

You must:

- keep to any law or regulation relevant to the **contractors' plant**;
- make sure that the **contractors' plant** is maintained, inspected and tested as recommended by the manufacturer;
- keep records of all maintenance procedures and maintenance carried out, and make them available to us when we ask for them;
- take all reasonable steps and precautions to prevent or reduce **damage**; and
- not continue to use **contractors' plant** after **damage**, unless we have given our written permission.

If you do not keep to this condition we may cancel your policy (see 'Our rights to cancel your policy' on page 5).

### 5. Contracts (Rights of Third Parties) Act 1999

Any person or company who is not named in the schedule has no right under the Contracts (Rights of Third-Parties) Act 1999 (or any other law) to enforce any term of the policy.

### 6. Declaration and adjustment of premium

The premium paid for this insurance is provisional and has been calculated on estimates provided by you.

You must keep accurate records in relation to these estimates and make this information available to us at any reasonable time upon our request.

You must also, within reasonable time following the expiry of the **period of insurance**, supply us all relevant information to enable the correct premium to be calculated and the difference between this and the original premium to be charged or returned to you subject to any minimum retained premium shown in the schedule.

### 7. More than one insured

If more than one insured is named in the schedule, the first named insured will receive all notices and agree any changes to the policy and will be treated as acting for all the named insureds. We will not remove any named insured without their permission.

For any claim, the total amount we will pay will not be more than 'How much we will pay' shown in each section of the policy, regardless of the number of people or organisations insured by the policy.

### 8. Multiple lifting operations

During any operation in which a load is shared between any items of lifting plant or lifting equipment (whether insured under this policy or not), the lifting operation must be conducted in accordance with Lifting Operations and Lifting Equipment Regulation 8 and Code of Practice for the Safe Use of Cranes BS7121, or any legislation, regulation or code of practice which takes their place.

### 9. Paying the premium

You must pay the premium on or before the start of the **period of insurance** or on dates agreed by us.

If you do not pay a premium on time, we may cancel the policy (see 'Our rights to cancel your policy' on page 5).

## General conditions

### 10. Right to survey and request risk improvements

If we ask, you must provide us with access to the **contractors' plant** at an agreed date and time to carry out a risk survey.

Following the survey or in the event that full co-operation is not provided to ensure that the surveyor is given full access to the **contractors' plant** in order to undertake a risk survey we reserve the right to:

- cancel the policy (with immediate effect, see 'Our rights to cancel your policy' on page 5);
- alter the premium; and/or
- alter the terms and conditions of the policy.

If the premium and/or terms and conditions are altered you will have 14 days to accept or reject the alterations. If you choose to reject the alterations or we cancel your policy and you have not made a claim we will refund a percentage of the premium based on the number of days left in the **period of insurance**.

If you have made a claim you will not get a refund and you must pay us any amount you still owe for the period you have been insured for.

In the event that risk improvement requirements are recommended by the surveyor, we will provide you with a detailed list of these risk improvements in writing and the timescales within which they must be completed. It is a **condition precedent** to our liability under the policy that you comply with all risk improvement requirements we request following any survey. If you do not complete these risk improvement requirements within the set timescales then all cover under the policy will be cancelled automatically and remain inoperative unless we otherwise agree in writing:

- to waive the risk improvement requirement and leave the premium, terms and conditions unaltered; or
- to an extension of the set timescales to have the risk improvement requirement completed.

Other terms and conditions of the policy continue unless otherwise agreed by us in writing.

### 11. Tax

Any claim we pay will not include VAT, unless you cannot recover part or all of the VAT you have paid.

## General exclusions

The following exclusions apply to the whole of your policy.

### 1. Breakdown

We will not pay for **damage** to any part of **contractors' plant** caused by its own **breakdown**, unless:

  - designated or adapted primarily for use as a tool of trade
- quad bikes or motorcycles.

### 14. Sanction limitation

## General exclusions

This general exclusion does not apply to any **damage** resulting from, or caused by, weapons of war which were not discovered before the start of the **period of insurance**, as long as there is no war in the country the **contractors' plant** is in during the **period of insurance**.

### 18. Waterborne or operated airborne craft

We will not pay for **damage** to:
